10000268 - Sweet Frost® - TIS

Product Name: SWEET FROST®

Ref Number: SI 120

Pack Size: 12.5Kg Sack

Product Information: SWEET FROST® is a granular, sugar-based dusting powder which will not dissolve on product during chilled or wrapped storage, in conditions of high humidity or during freeze/thaw cycle.

Use sparingly in place of caster sugar for a longer lasting decoration on any bakery or dessert items. Ideal for doughnuts, apple tarts, pastries and cakes etc.

For recipe ideas visit www.macphie.com

Method:

- SWEET FROST® should be applied once the finished product has been cooled to ambient temperature (approximately 20°C)
- Other powders such as Cinnamon or Cocoa Powder may be used in conjunction to add variety to finishes

Notes:

- If a finer particulate size is required, use Sweet Snow® which gives an effect similar to icing sugar
- This product is not suitable for making icing or coatings
